Beginning at a point in the Northwestern line of Lot 75 which point is North $61^{\circ} 52' 02''$ East 275.06 feet from the Northwest corner and distant South $61^{\circ} 52' 02''$ West 496.86 feet from the intersection of the Northeasterly prolongation of the Northwestern line of said lot with the center line of Hamilton Street. Thence South $0^{\circ} 03' 00''$ East along a line parallel with the West line of Lot 75 to a point which is perpendicular to and Southeasterly 50 feet from the Northwestern line of said lot; thence North $61^{\circ} 52' 02''$ East to a point which is perpendicular to and South $61^{\circ} 52' 02''$ West 231 feet from the intersection of the center line of 190th Street with the extended center line of Hamilton Street; thence North along said perpendicular line to the Southeasterly line of 190th Street; thence South $61^{\circ} 52' 02''$ West along said Southeasterly line of 190th Street; to the point of beginning.

An easement and right of way for drainage purposes including the right to construct, maintain and use a drainage ditch, channel, covered conduit, or pipe for drainage purposes over and across that portion of Lot 75 and the West half of Hamilton Street, as shown on said map of Tract 4671, included in a strip of land 33 feet wide, lying 19 feet on the Northerly side and 14 feet on the Southerly side of the following described line:

Beginning at a point in the Northeasterly line of said Lot 76, distant South $32^{\circ} 33' 58''$ East 276.65 feet from the intersection of the Northwesterly prolongation of said Northeasterly line with the center line of 190th Street as shown on said map; thence South $74^{\circ} 35' 20''$ West 940.80 feet to a line parallel with and 36 feet southeasterly, measured at right angles, from the Northwesterly line of said Lot 75.

The side lines of said strip of land shall be prolonged or shortened so as to terminate Easterly in the center line of Hamilton Street, and Westerly in a line at right angles to said Northwesterly line of Lot 75, passing through the Westerly terminus of above described course having a bearing and length of South $74^{\circ} 35' 20''$ West 940.80 feet.

PARCEL W.

An easement over the Northerly 15 feet of the following described portion of Lot 76, to maintain, operate, excavate, clear, repair and renew that certain drainage ditch now located immediately to the North of said easement, with the right of ingress and egress to and from said ditch, viz.:

Beginning at the intersection of the South line of said Lot 76 with the East line of Hamilton Street (60 feet wide); thence N. $0^{\circ} 03' 05''$ W. 190.88 feet; thence N. $74^{\circ} 34' 38''$ E. 527.53 feet; thence S. $15^{\circ} 25' 22''$ E. 342.96 feet to the South line of Lot 76; thence S. $89^{\circ} 56' 55''$ W. along the South line of Lot 76 599.58 feet to the point of beginning.

TOGETHER WITH all and singular the tenements, hereditaments, and appurtenances thereunto belonging, or in any wise appertaining, and the reversion and reversions, remainder and remainders, rents, issues, and profits thereof, and also all the estate, right, title, interest, property, possession, claim and demand whatsoever, in law as well as in equity, of the said GRANTOR, of, in or to the foregoing described premises, and every part and parcel thereof, with the appurtenances.

Reserving unto the GRANTOR, its successors and assigns, the following easements:

PARCEL 1.

Reserving unto the Grantor, its successors and assigns, for the benefit of that certain parcel of land adjacent to Parcel A, above described, belonging to the Grantor and commonly known as the "Bohn Aluminum Tract", an easement over and upon such of the presently existing railroad trackage facilities on said Parcel A as are required to connect the spur track presently existing on said Bohn Aluminum Tract with tracks of the Atchison, Topeka and Santa Fe Railway Company and the Pacific Electric Railway Company, for the purpose of switching railroad cars between said spur track and said tracks of the Atchison, Topeka and Santa Fe Railway Company and the Pacific Electric Railway Company to the extent reasonably necessary to provide adequate movement of cars for such industrial operations as may from time to time be conducted on said Bohn Aluminum Tract; provided (a) any of said railroad trackage facilities, including said spur track on said Bohn Aluminum Tract, may be relocated by the Grantee at Grantee's sole expense so long as said spur track is relocated in such a manner as to serve the then existing loading and unloading facilities on said Bohn Aluminum Tract from the present point of entry to the Bohn Aluminum Tract, (b) nothing herein contained shall be construed as imposing on the Grantee any obligation to furnish switching services to said Bohn Aluminum Tract or bear any part of the cost of such services, (c) any switching operations conducted upon tracks of the Grantee pursuant hereto shall be conducted in such a manner as will interfere to the least extent reasonably possible with the operations of the Grantee, (d) trackage facilities on said Parcel A shall not be used for storage of cars going to or from said Bohn Aluminum Tract and the gates on or leading to said Parcel A shall be closed promptly after their use in connection with any particular movement of cars, (e) the Grantee shall at all times provide and maintain all of the presently existing railroad trackage facilities, or the equivalent of said presently existing trackage facilities, in their present location or as they may be relocated elsewhere on the Grantee's land, from the line of the Pacific Electric Railway Company and from the line of the Atchison, Topeka and Santa Fe Railway Company to said Bohn Aluminum Tract.

PARCEL 2.

Reserving unto the Grantor, its successors and assigns, an easement for the benefit of said Bohn Aluminum Tract to dispose of sewage through the sewer system presently existing in Parcel A, above described, and to which a connection now exists on said Bohn Aluminum Tract; provided (a) the Grantee shall have the right at its own expense to relocate said sewer system to suit its own convenience so long as said relocation does not interrupt or disrupt the disposal of sewage from said Bohn Aluminum Tract, (b) in its enjoyment of the easement hereby reserved the Grantor, its successors and assigns, shall in all respects comply with the provisions of that certain agreement entitled "Quitclaim and Agreement" entered into between Defense Plant Corporation, a corporation created under the laws of the United States, and the City of Torrance, a municipality of the State of California, dated

June 30, 1943 and recorded in the Office of the Recorder of the County of Los Angeles, State of California, on August 13, 1943, in Book 20220 of Official Records at Page 125, (c) no greater amount of sewage shall at any time be discharged from said Bohn Aluminum Tract than can be carried by the disposal facilities at this time leading therefrom, (d) the Grantee shall not be under any liability to the Grantor, its successors and assigns, for any loss or damage of whatever kind or nature arising from a failure of said existing sewer system to carry away sewage from said Bohn Aluminum Tract, other than such failure as may arise from damage to said sewer caused by the Grantee.

PARCEL 3.

Reserving unto the Grantor, its successors and assigns, an easement to use the presently existing electric power line systems installed on Parcel A, above described, now connected to and serving said Bohn Aluminum Tract, to the extent reasonably necessary for the supplying of electric power required by operations from time to time conducted on said Bohn Aluminum Tract, together with the right of necessary ingress to and egress from said Parcel A for the purpose of maintaining and repairing the connections from said system to said Bohn Aluminum Tract; provided (a) the Grantee shall have the right at its own expense to relocate all or any part of the said system to suit its own convenience, or to arrange with public utilities supplying power through said system or to provide other connections for the service of said Bohn Aluminum Tract, (b) any such relocation or change of connections shall be made in such a manner as not to interrupt or disrupt the power supply to said Bohn Aluminum Tract or affect the present point of power supply contact between said Bohn Aluminum Tract and the lands of the Grantee, (c) nothing contained herein shall be construed as an agreement on the part of the Grantee to furnish or as imposing on the Grantee any obligation to furnish or to pay any portion of the cost of furnishing power to said Bohn Aluminum Tract other than to the extent that power installations now located on said Parcel A shall be used as facilities for such transmission.

PARCEL 4.

Reserving unto the Grantor, its successors and assigns, for its and their sole and exclusive use and benefit, an easement upon, along, and under the hereinafter described strip of land for the purpose of using, operating, maintaining, repairing, reconstructing, and replacing thereon, and removing therefrom, two presently existing underground pipelines for the transmission of butylenes, which said pipelines and any reconstructions or replacements thereof are and shall at all times be the sole and exclusive property of the Grantor, its successors and assigns, free from any right of possession or control by the Grantee; together with the right of ingress to and egress from said strip of land over adjacent lands of the Grantee at all reasonable times and with suitable equipment for all purposes reasonably necessary to the enjoyment of said easement; provided (a) in the enjoyment of said easement the Grantor, its successors and assigns, shall perform any and all acts required to be performed on or about the lands of the Grantee in accordance with good industrial practice and in such a manner as will cause the least interference reasonably possible with the Grantee's own operations, (b) any reconstructed or replaced lengths or portions

of said pipelines, or either of them, shall be placed at least as far beneath the surface of the earth as are said lines now existing, and shall be constructed of such materials and so installed as will meet the requirements of law and good industrial practice. (c) Grantor agrees to indemnify the Grantee for losses, claims, demands and suits for damages to property and injury to or death of persons, including court costs and attorney's fees incident to or resulting from Grantor's exercise of the rights herein granted; provided, however, that Grantor shall not be liable for any loss or damage to property or for the injury to or death of persons to the extent that the cause of such loss, damage, injury or death is attributable to the negligence of Grantee. The said strip of land covered by said easement being generally described as a strip of land 5 feet in width, the center line of which begins at a point in the easterly line of Parcel 2 on Map filed April 16, 1942 in Book 52 at Page 47, Records of Surveys, in the office of the County Recorder of said County, said point of beginning being situated 5 feet Southerly at right angles to the Southerly line of 190th Street; thence Easterly and parallel with the South line of 190th Street, North 89° 56' 46" East, 1206.56 feet; thence South 63° 22' 27" East, 222.7 feet; thence North 89° 56' 46" East, 443.5 feet; thence Southerly and parallel with the Westerly line of Normandie Avenue, South 00° 07' 40" East, 1351.8 feet; thence North 89° 57' 20" East 5.5 feet to the Westerly line of the Pacific Electric right of way.

PARCEL 5.

Reserving unto the Grantor, its successors and assigns, for the benefit of said Bohn Aluminum Tract and for the benefit of each of those four other tracts of land now owned by the Grantor and known respectively as the Goodyear Synthetic Rubber Corporation tract (Plancor 611) and the United States Rubber Corporation tract (Plancor 611A), an easement in, on, and along the drainage ditch presently existing upon and across said Parcel A and lying within the Northerly 50 feet thereof, and presently existing upon and across each of said Parcels B to V, inclusive, for the purpose of discharging into said ditch storm waters which naturally drain therein from any of said three tracts as now exist, or which are drained therein from any of said three tracts by means of drainage systems presently installed thereon; provided, however, that nothing herein contained shall be construed as imposing upon the Grantee any obligation to maintain, repair, or reconstruct said ditch or any portion thereof in order to provide drainage facilities for said three tracts of land of the Grantor or any of them.

EXCEPTING, HOWEVER, from this conveyance and reserving to the GRANTOR, in accordance with Executive Order 9908 approved December 5, 1947 (12 F.R. 8223), all uranium, thorium and all other materials determined pursuant to section 5 (b) (1) of the Atomic Energy Act of 1946 (60 Stat. 761) to be peculiarly essential to the production of fissionable material, contained, in whatever concentration, in deposits in the lands covered by this instrument together with the right of the United States through its

authorized agents or representatives at any time to enter upon the land and prospect for, mine, and remove the same, making just compensation for any damage or injury occasioned thereby. However, such land may be used, and any rights otherwise acquired by this disposition may be exercised, as if no reservation of such materials had been made; except that, when such use results in the extraction of any such material from the land in quantities which may not be transferred or delivered without a license under the Atomic Energy Act of 1946, as it now exists or may hereafter be amended, such material shall be the property of the United States Atomic Energy Commission, and the Commission may require delivery of such material to it by any possessor thereof after such material has been separated as such from the ores in which it was contained. If the Commission requires the delivery of such material to it, it shall pay to the person mining or extracting the same, or to such other person as the Commission determines to be entitled thereto, such sums, including profits as the Commission deems fair and reasonable for the discovery, mining, development, production, extraction, and other services performed with respect to such material prior to such delivery, but such payment shall not include any amount on account of the value of such material before removal from its place of deposit in nature. If the Commission does not require delivery of such material to it, the reservation hereby made shall be of no further force or effect.

Said land was duly declared surplus and assigned to the War Assets Administration for disposal, acting pursuant to Reorganization Plan One of 1947 (12 F.R. 4534) and WAA Regulation No. 1.

TO HAVE AND TO HOLD the said premises, with the appurtenances, unto the said GRANTEE, its successors and assigns, as follows:

First: That said GRANTEE is acquiring the said premises for its own use;

Second: That it is not purchasing the said premises for the purpose of reselling or leasing them;

Third: That in no case will it resell or lease the said premises within two (2) years from the date of this instrument without first obtaining the written authorization of the War Assets Administration.

IN WITNESS WHEREOF, the GRANTOR has caused these presents to be executed the day and year first above written.
